WHAT IS WISH CLUB?

Wish Club is our weekly youth club designed specifically for young people with Down syndrome.

Our sessions provide a safe, supportive and welcoming environment where members can socialise, develop independence, try new activities and most importantly, have fun with friends who understand them.

Every young person is encouraged to participate at their own pace, celebrate their achievements and build confidence in a relaxed and friendly setting.

Wish Club

All members have a personal emergency evacuation plan (PEEP) in place and a care plan in place should they require support with personal care.

We work on personal targets for the young people across self care skills, friendship skills and appropriate social behaviours. The setting is an ideal place to work on these skills as it is a safe and supportive environment.

A place to belong, where every young person is valued, included and celebrated for who they are.
